Practical when you are underway

LEDguardian ROAD FLARE is a compact LED warning light for emergency situations on the road, as well as for minor inspection work on your car. Equipped with 16 long-lasting LEDs, the light offers three different modes of operation: flashing, permanently on or torch function. The light's warning function, which emits orange light through 360°, is visible from a far distance and can provide decisive information about a hazard in case of danger. In addition, this LED warning light will impress you with its non-slip, dirt-resistant surface and it is so robustly manufactured that it can withstand being run over by a car. OSRAM provides a 2-year guarantee for this warning light. Note / legal advice: LEDguardian ROAD FLARE is not approved as warning light according to German Road Traffic Licensing Regulations (StVZO).
